

Erin's School of Dance - Safety Measures - COVID-19

Welcome back! Keeping safe and healthy during COVID-19 is most important for everyone! Erin's School of Dance, located in the Caryl Community Center, will be implementing new protocols based on the recommendations and guidelines issued by the Centers for Disease Control and Prevention [cdc.gov/COVID19](https://www.cdc.gov/COVID19), the State of MA and the Town of Dover.

Please note the following measures that are being implemented. These will be required of everyone when on the premises at the Caryl Community Center and Erin's School of Dance due to COVID-19.

1. Each student will be required to wear a 3-layer mask when entering the building and dance studio. This rule applies to all of us (including visitors & family).
2. We will need to practice social distancing during, and in between classes.
3. As a helpful guide and reminder; there will be decals placed evenly and spread out over our dance floor that will read.....
"DANCING TOGETHER.....❤️ WHILE ❤️.....6 FEET APART"
4. Ten is the maximum number of people allowed to gather in the studio at any given time.
5. Frequently touched surfaces will be cleaned with a disinfectant at the end of every class. This will likely include ballet barres, tables, chairs, doorknobs; etc. Additionally, the studio will be fully cleaned at the end of classes on the days when it is opened.
6. Please be sure to bring along a sweater or sweatshirt, whereas most times windows will be kept open. The dance studio has lots of large windows and opening them as much as possible keeps the air healthier and helps with cross ventilation.
7. We often use props for dance class e.g., ribbon streamers, umbrellas, hats and canes, etc. I will make up individual bags and label each with the student's name. All their props will be put away at the end of class in "their prop bag" so that they're not sharing. Props will be sanitized before the next class.
8. Lastly, please do not send your child to dance class if they aren't feeling well.

Thank you in advance for adhering to the above and helping all of us to stay health!
